PipeSak®

ROCKSTOP PIPELINE WRAP

RockStop™

HIGH IMPACT - LIGHTWEIGHT - SOFT PIPELINE PROTECTION

Designed for ease of use, RockStop is one of the lightest weight rocksheilds on the market today. Soft and flexible in all weather conditions, RockStop can be installed in a fraction of the time of traditional rocksheilds, saving your project time and money. RockStop™ is engineered to offer the highest level of impact resistance during backfilling operations and long term abrasion protection. RockStop™ is custom cut in pads or rolls specific to your requirement, making it easy to install while minimizing wastage and shipping costs.

- SMART CHOICE
- STRONG
- MORE EFFICIENT
- EASY INSTALL

BUILD A BETTER PIPELINE
