# STRUCTURED PIPELINE PILLOW

## Engineered Pipeline Support

SPP8 PipePillo® is a high-performance structured pipeline pillow (SPP) designed to permanently support AND PROTECT fully loaded steel, along with HDPE pipelines, from a rocky trench bottom. It's the only engineered support solution made to work with trace wire systems, replacing the need for non-engineered solutions.

**STRONG**

**SMART CHOICE**

**SAFE & DURABLE**

**ECO-FRIENDLY**

## New PipePillo® Size!

Available for pipe diameters  
from 4" to 8" O.D.

# THE SMARTER CHOICE

SPP8 PipePillos are manufactured from high strength, UV resistant polypropylene resins, ensuring they are light-weight, environmentally inert, and engineered to transfer extreme loads. Plus, PipePillo's 90 degrees of support help eliminate pipelines ovality while the unique cross-lay design supports both 4" & 8" OD pipe.

- ✓ PERMANENT SUPPORT
- ✓ EASY INSTALLATION
- ✓ LOW INSTALLATION COSTS
- ✓ FITS SMALL TRENCHES
- ✓ 5 X SAFETY FACTOR
- ✓ OUT-OF-TRENCH SUPPORT
- ✓ LIGHTWEIGHT
- ✓ CROSS LAY DESIGN FOR 4" & 8" OD PIPE
- ✓ 3 SIZES – SAME PIPEPILLO®
- ✓ MADE IN NORTH AMERICA

## STRONG

- The design incorporates a patented dual frustoconical shape which is able to transfer extreme loads.
- PipePillos are light enough to be manually handled, yet dense enough to resist flotation.
- Made of UV resistant polypropylene resins, ensuring they are lightweight and tough.

## SMART CHOICE

- The PipePillo® patented design is engineered to transfer extreme loads through to the consolidated or virgin soil below.
- The stackable design allows for reduced transportation and shipping costs compared to other pipeline supports.

## ECO-FRIENDLY

- PipePillos are manufactured from high strength polypropylene resins which are environmentally inert yet softer than pipeline coatings.
- SPP8 PipePillo® will permanently support pipeline above rocky trench bottoms, replacing sandbags, foam or pad dirt.

## SAFE & DURABLE

- 5X Safety Factor.
- SPP8 PipePillo's 90 degrees of support limit ovality and their custom notch made to support trace wire systems.
