

PipeSak®

STRUCTURED PIPELINE PILLOW

STRONG - PERMANENT - EASY TO INSTALL

Replace foam, sandbags, and pad dirt with engineered PipePillo® structured pipeline pillows (SPP) designed to permanently protect fully loaded pipelines from a rocky trench bottom and eliminate ovality. Plus, PipePillo® supports are the only engineered support proven to work with cathodic protection systems.

THE SMART CHOICE

PipePillo® structured pipeline pillows are manufactured from high-strength, UV resistant polypropylene resins, ensuring they are lightweight, environmentally inert, and engineered to transfer extreme loads. Get 90 degrees of support to eliminate pipeline ovality and an open design that works well with cathodic protection (CP) systems.

Available for pipe diameters from 4” to 48” O.D.
Contact us for spacing requirements.

- ✓ PERMANENT SUPPORT
- ✓ RESISTS PIPELINE OVALITY
- ✓ LIGHTWEIGHT & EASY TO INSTALL
- ✓ WON'T FLOAT - NO TRENCH DE-WATERING
- ✓ NO WORKERS IN THE TRENCH
- ✓ WORKS WITH CP SYSTEMS
- ✓ STRONG & ECONOMICAL DESIGN
- ✓ LOW-PROFILE & STACKABLE

💰 COST EFFECTIVE

- Save labor costs with ease of installation.
- The stackable design allows for reduced transportation and shipping costs compared to other pipeline supports.

💡 SMART CHOICE

- Transfer extreme loads through to the consolidated or virgin soil.
- PipePillo® supports can be stacked, nested together tightly for easy storage and transport.

👉 STRONG

- The unique shape incorporates a patented dual frustoconical shape which uniformly disperses and transfers extreme loads.
- Made of UV resistant polypropylene resins, ensuring they are lightweight and tough.
- Use for pipe fabrication as a stable resting place and a full 90 degrees of support.

👍 EASY INSTALL

- Light enough to be manually handled, yet dense enough to resist flotation.
- All PipePillo® supports have a center hole to accommodate an installation tool (2x4”) for simple and accurate placement with no workers in the trench.

- PipePillo® pipeline supports can be tied to the pipe before it is lowered in.
- Speed up installation with PilloPicker automated installation tool.
